

January Livestock Committee Minutes

The second meeting of the Fallon County Livestock Committee was called to order by President Norton Walker on January 11, 2012. The American and 4-H pledges were lead by Rachel Rost. Tiffany read the minutes and they were approved as read. Sharon also read the minutes for the Committee of 6 meeting.

Old Business:

- Ultra-sounding of the market animals was brought up. It could either be used as a learning tool or as a contest.
- Club t-shirts were brought up, as it would be nice to see kids promoting 4-H more. It was also discussed to have t-shirts because of concern of inappropriate clothing in the barn and food booth but the clubs can decide.
- The new plan of stall decorations is being worked on by Mr. Walker and Mr. McPherson.
- The Herdsman Judging Contest was brought forth but will be tabled until the April meeting.

New Business:

- Market Beef weigh-in and tagging is Saturday January 28, at C&D yards. Make sure to bring all of your info and help would greatly be appreciated.
- Junior Stocker Feeder Project was discussed and there has been one new rule added to the book stating that if you have already taken a market or breeding beef you may not participate in the Stocker Feeder Project. The book is at the extension office if you have questions.
- Livestock Quality Assurance and Showmanship will not be online any more. On January 18th, Dr. Patterson will be doing a workshop for adults and kids at Thee Garage in Baker. More workshops will either be held in May or June.

Meeting Adjourned

Respectfully Submitted,

Tiffany Benner
